

# FRIENDS OF TEBAY SCHOOL

March 2023 Newsletter

## Meeting Brief

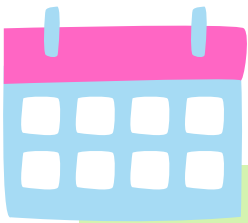

We asked in the meeting what the best way to get our communication across to you all and a member of the team suggested a newsletter. We thought it was a great idea, so here it is, our very first FOTS Newsletter.

We also spoke about using the Friends of Tebay school Facebook group more than the messenger to discuss upcoming events. Keep your eyes peeled!

This newsletter is designed to keep you posted with the upcoming events for the school, how much we are raising and what the money is going towards. Any notes from the FOTS Meetings will also be put into the newsletters to keep everyone informed..

We acknowledge the current cost of living crisis and we are aware donating is not always viable. Your support whether it be time on the day, coming to meetings and sharing details of events help us tremendously!

## Upcoming Events
